

## EU By-Products Certificate Reference Table

Export Certificate	Products for Which Certificate is Generally Required	Pre-inspection Package Generally Required for Processing/Production Facility
CHAPTER 1 Health certificate for processed animal protein not intended for human consumption, including mixtures and products other than pet food containing such protein, intended for dispatch to the European Community	Rendered meals derived from Category 3 Materials  (May not be endorsed by APHIS for fish meal)  Processed pork blood intended for animal consumption	U.S. Category 3 Material Rendering Facility Pre-Inspection Package    U.S. Porcine Blood Facility Pre-Inspection Package
CHAPTER 2 (A) Health certificate for milk and milk-based products, which have undergone a single heat treatment and are not intended for human consumption for dispatch to the European Community	Dairy products subjected to one heat treatment prior to export for purposes other than human consumption	U.S. Dairy Facilities Pre-inspection Package
CHAPTER 2 (B) Health certificate for heat-treated milk-based products with a pH reduced to less than 6 not intended for human consumption and for dispatch to the European Community	Dairy products subjected to both a heat treatment and an acidification prior to export for purposes other than human consumption	U.S. Dairy Facilities Pre-inspection Package
CHAPTER 2 (C) Health certificate for milk and milk-based products, which have undergone a sterilization or a double heat treatment and are not intended for human consumption, for dispatch to the European Community	Dairy products subjected to a canning process (hermetically sealed) or subjected to two heat treatments prior to export for purposes other than human consumption	U.S. Dairy Facilities Pre-inspection Package
CHAPTER 3 (A) Health certificate for canned pet food intended for dispatch to the European Community	Pet food in hermetically sealed containers.	U.S. Pet Food Manufacturer Pre-Inspection Package

## EU By-Products Certificate Reference Table

CHAPTER 3 (B) Health certificate for processed pet food other than canned pet food, intended for dispatch to the European Community	Pet food other than: <ul style="list-style-type: none"> <li>• Dog chews</li> <li>• Raw pet food</li> <li>• Hermetically sealed pet food</li> </ul>	U.S. Pet Food Manufacturer Pre- Inspection Package
CHAPTER 3 (C) Health certificate for dog chews intended for dispatch to the European Community	Dog chews	U.S. Pet Food Manufacturer Pre- Inspection Package
CHAPTER 3(D) Health certificate for raw pet food for direct sell or animal by-products to be fed to farmed fur animals, intended for dispatch into the European Community	Raw pet food or raw animal by- products for feeding to fur animals	U.S. Raw Pet Food/ Raw Animal By- Products for Fur-Animal Feeding Facility Pre-Inspection Package
CHAPTER 3 (E) Health certificate for flavoring innards for use in the manufacture of pet food, intended for dispatch to the European Community	A liquid or dehydrated flavoring that is used to enhance the palatability values of pet food, e.g., poultry liver digests	U.S. Digest/Flavoring Innard Facility Pre- Inspection Package
CHAPTER 3 (F) Health certificate for animal by-products for the manufacture of pet food, intended for dispatch to the European Community	Unprocessed (other than by comminuting) animal by-products exported labeled as “RAW MATERIAL ONLY FOR THE MANUFACTURE OF PETFOOD”	U.S. Supplier of Unprocessed Animal By- Products for the <u>Manufacture of Pet Food</u> Pre-Inspection Package
CHAPTER 4 (A) Health certificate for the import of serum from equidae to be used for technical purposes including pharmaceuticals, in vitro diagnosis and laboratory reagents, intended for dispatch to the European Community	Blood, or blood fractions derived from equids (e.g., horse, donkey) exported for technical purposes other than animal consumption.  E.g. donkey albumen	U.S. Equidae Technical Blood Facility Pre-Inspection Package
CHAPTER 4 (B) Health certificate for blood products not intended for human consumption that could be used as feed material, intended for dispatch to the European Community	Blood products (other than porcine blood) intended for animal consumption (primarily spray dried blood)	U.S. Inedible <u>Blood</u> (for Animal Feed) Facility Pre-Inspection Package

## EU By-Products Certificate Reference Table

<p>CHAPTER 4 (C) Health certificate for blood products to be used for technical purposes, including pharmaceuticals, in vitro diagnosis and laboratory reagents, but excluding serum of equidae, intended for dispatch to the European Community</p>	<p>Blood, or blood fractions derived from animals other than equids exported for technical purposes other than animal consumption. E.g. porcine serum.</p>	<p>U.S. Technical Blood (other than Equidae) Facility Pre-Inspection Package</p>
<p>CHAPTER 5 (A) Health certificate for fresh or chilled hides and skins of ungulates, intended for dispatch to the European Community</p>	<p>Untreated hides or skins of ungulates.</p>	<p>U.S. Fresh or Chilled Hides and Skins of Ungulates Facility Pre-Inspection Package</p>
<p>CHAPTER 5 (B) Health certificate for treated hides and skins of ungulates, intended for dispatch to the European Community</p> <p>OR the</p> <p>CHAPTER 5 (C) for treated hides and skins of ruminants that are intended for dispatch to the European Community and have been kept separate for 21 days or will undergo transport for 21 uninterrupted days before importation</p>	<p>Salted hides and skins of ungulates.</p> <p>Generally the 5(B) is the appropriate certificate. The 5(C) should be used if the materials were commingled with other animal origin materials after salting AND are ruminant origin. (The 5B may be used for hides from any ungulates, including ruminants. The 5C is only for hides from ruminants.)</p>	<p>U.S. Treated Hides and Skins of Ungulates Facility Pre-Inspection Package</p>
<p>CHAPTER 6 (A) Health certificate for treated game trophies of birds and ungulates, being solely bones, horns, hooves, claws, antlers, teeth, hides or skins, for dispatch to the European Community</p>	<p>Game trophies of ungulates or birds that:</p> <ul style="list-style-type: none"> <li>• Have not been subjected to a complete taxidermy procedure;</li> <li>• Are composed only of items listed in the title; AND</li> <li>• Each component has been treated.</li> </ul>	<p>APPROVAL OF FACILITIES TO EXPORT GAME TROPHIES TO THE EUROPEAN UNION</p>
<p>CHAPTER 6 (B) Health certificate for game trophies of birds and ungulates consisting of entire parts not having been treated, intended for dispatch to the European Community</p>	<p>Game trophies of ungulates or birds that have not been treated.</p>	<p>APPROVAL OF FACILITIES TO EXPORT GAME TROPHIES TO THE EUROPEAN UNION</p>

## EU By-Products Certificate Reference Table

CHAPTER 7 (A) Health certificate for pig bristles from third countries or regions thereof that are free from African swine fever, intended for dispatch to the European Community	Pig bristles	APPROVAL OF FACILITIES TO EXPORT UNPROCESSED WOOL, HAIR, PIG BRISTLES, FEATHERS, AND PARTS OF FEATHERS TO THE EUROPEAN UNION
CHAPTER 7 (B) Health certificate <i>for pig bristles from third countries or regions thereof that are not free from African swine fever, intended for dispatch to or for transit through<sup>2</sup> the European Community</i>	<b>Not endorsable- Not appropriate for U.S. facilities.</b>	<b>Not appropriate for U.S. facilities.</b>
CHAPTER 8 Health certificate for animal by-products for the manufacture of technical products (including pharmaceutical products), intended for dispatch to the European Community	Unprocessed (other than by comminuting) animal by-products exported labeled as “RAW MATERIAL ONLY FOR THE MANUFACTURE OF TECHNICAL PRODUCTS INCLUDING PHARMACEUTICAL PRODUCTS”	U.S. Supplier of Unprocessed Animal By- Products for the Manufacture of Technical Products (Including Pharmaceutical Product BUT Excluding Pet Foods) Pre-Inspection Package
CHAPTER 9 Health certificate <i>for fish oil not intended for human consumption to be used as feed material or for technical purposes, intended for dispatch to or for transit through<sup>2</sup> the European Community</i>	Not endorsable by APHIS- refer the exporter to NOAA.	Not endorsable by APHIS- refer the exporter to NOAA.
CHAPTER 10(A) Health certificate for rendered fats not intended for human consumption to be used as feed material or for technical purposes, intended for dispatch to the European Community	Rendered fats derived from Category 3 Materials – that are intended to be used for animal consumption or technical purposes	U.S. Category 3 Material Rendering Facility Pre-Inspection Package
Chapter 10(B) Health certificate for rendered fats not intended for human consumption to be used or for technical purposes, intended for dispatch to the European Community	Rendered fats derived from Category 3 Materials (or combinations of Category 2 and Category 3 Materials) – that are intended to be used for technical purposes	U.S. Category 2 Fat Rendering Facility Pre-Inspection Package

## EU By-Products Certificate Reference Table

<p>CHAPTER 11 Health certificate for gelatin and collagen not intended for human consumption to be used as feed material or for technical purposes, intended for dispatch to the European Community</p>	<p>Gelatin or collagen derived from SRM free materials- that is not intended for human consumption</p>	<p>APPROVAL OF FACILITIES TO EXPORT INEDIBLE GELATIN TO THE EUROPEAN UNION</p> <p>OR*</p> <p>APPROVAL OF FACILITIES TO EXPORT INEDIBLE COLLAGEN TO THE EUROPEAN UNION</p>
<p>CHAPTER 12 Health certificate for hydrolyzed protein, dicalcium phosphate and tricalcium phosphate not intended for human consumption to be used as feed material or for technical purposes, intended for dispatch to the European Community</p>	<ul style="list-style-type: none"> <li>• Hydrolyzed proteins: e.g., polypeptides, peptides, and amino acids obtained from the hydrolysis of animal by-products (not intended for animal consumption)</li> <li>• Dicalcium phosphate or tricalcium phosphate (bone ash) that is derived from animal origin</li> </ul> <p>Only for materials not being exported for the production of human food</p>	<p>APPROVAL OF FACILITIES TO PRODUCE HYDROLYZED PROTEIN FOR EXPORT TO THE EUROPEAN UNION</p> <p>OR*</p> <p>U.S. Dicalcium Phosphate and Tricalcium Phosphate Producer Pre-Inspection Package</p>
<p>CHAPTER 14 (A) Health certificate for fat derivatives not intended for human consumption to be used for technical purposes, intended for dispatch to the European Community</p>	<p>Oleochemicals (soaps and esters that are fat derivatives) intended for uses other than in human or animal food**</p>	<p>APPROVAL OF OLEOCHEMICAL PLANTS TO FURTHER PROCESS RENDERED FATS FOR EXPORT TO THE EUROPEAN UNION OF FAT DERIVATIVES</p>
<p>Chapter 13 Health certificate for apiculture products, intended for dispatch to the European Community</p>	<p>Honey, beeswax, royal jelly, propolis, or pollen used in bee keeping.</p>	<p>Not endorsable by APHIS-VS.  for certs for honey for human consumption refer to FDA.</p>
<p>CHAPTER 14 (B) Health certificate for fat derivatives not intended for human consumption to be used as feed or for technical purposes, intended for dispatch to the European Community</p>	<p>Oleochemicals (soaps and esters that are fat derivatives) that may be used for animal feed or technical products (but not in human food**)</p>	<p>APPROVAL OF OLEOCHEMICAL PLANTS TO FURTHER PROCESS RENDERED FATS FOR EXPORT TO THE EUROPEAN UNION OF FAT DERIVATIVES</p>
<p>CHAPTER 15 Health certificate for egg products not intended for human consumption that could be used as feed material, intended for dispatch to the European Community</p>	<p>Egg products being exported for potential animal consumption</p>	<p>U.S. Inedible <u>Egg</u> Facility Pre-Inspection Package</p>

# EU By-Products Certificate Reference Table

CHAPTER 17 Health Certificate for processed manure and processed manure products intended for dispatch to the European Community	Processed manure- usually exported for fertilizer (commonly required for processed poultry litter)	U.S. Processed Manure Facility Pre-Inspection Package
Health certificate for technical gelatin not intended for human consumption to be used by the photographic industry, intended for dispatch to the European Community	Gelatin (which may be derived from bovine vertebral column) being exported directly to certain EU approved photographic facilities	U.S. Photographic Gelatin Pre-Inspection Package
Model declaration for the importation from third countries and for the transit through the European Community of intermediate products to be used for medical devices, in vitro diagnostics and laboratory reagents  <b>No certificate endorsed by APHIS.</b>	Products derived from Category 3 material intended for the manufacture of medical devices, in vitro diagnostics or laboratory reagents, and whose design, transformation and manufacturing stages have been sufficiently completed in order to be regarded as processed products and to qualify the material for that purpose, except for the fact that it requires some further handling or transformation such as mixing, coating, assembling, packaging or labeling to make it suitable for placing on the market or putting into service in accordance with the Community legislation applicable to the final products concerned.	Producing Facility must have a current TEC number, from being approved using one of the following packages: <ul style="list-style-type: none"> <li>• U.S. Equidae Technical Blood Facility Pre-Inspection Package</li> <li>• U.S. Technical Blood (other than Equidae) Facility Pre-Inspection Package</li> <li>• Intermediate Product (for the Export of Processed Category 3 Materials Intended for Technical Uses in Medical Devices, In Vitro Diagnostics, and Laboratory Materials) Facility Pre-Inspection Package</li> </ul>
DRAFT*** Health certificate for unprocessed wool and hair, from third countries, intended for dispatch to the European Community	Unprocessed (other than by drying) wool and hair	APPROVAL OF FACILITIES TO EXPORT UNPROCESSED WOOL, HAIR, PIG BRISTLES, FEATHERS, AND PARTS OF FEATHERS TO THE EUROPEAN UNION

\* depending on product

\*\*\* DRAFT- This document is not a harmonized certificate. It is derived from Regulation (EC) 1774/2002 requirements, but as the EU has not established a harmonized certificate for these commodities, each member states may vary in certification requirements.

\*\* Human food refers to actual foods, not to items such as pharmaceuticals.

**It is always the exporter's responsibility to confirm in advance what certificate is required by the importing country.**
