Did You Know?

Welcome to your USAJOBS account!

Did you know about all the USAJOBS resources to help you find federal job opportunities easier, faster and smarter?

Here's just a few ways USAJOBS can help you:

To view your application status, login to your USAJOBS account and visit your "Application Status" webpage.

[Application Status](#)

IMPORTANT! Application Status is only available if you submit your resume through USAJOBS using the "Apply Online" button. Tracking your application is not possible if your applications have been posted directly to an agency's website or through any other job application method outside of your USAJOBS account.

Locate the appropriate vacancy and review the Status column. It should provide a general status with a "more information" link. Click the "more information" link to transfer to the agency application system and view a more detailed status of your application.

NOTE: If your status reads "Application Status not available," please go to Page 3 below.

Viewing Your Application Status

If your status reads “Application Status Not Available” and:

- **The position is open;** please continue through the following steps below to ensure all necessary steps have been completed and your application status reads “Received.”
- **The position is closed;** your application may not have been completed. Please contact the Agency Contact listed in the vacancy announcement to see if your application has been received. Please include the Job Number listed. If it has been received, your application status will update once a final determination is made.
