RAIL CARS TRANSPORTING BUNTED KERNEL POSITIVE GRAIN, MILLFEED, AND/OR ASSOCIATED ARTICLES

Compliance Agreement Stipulations

- All rail cars designated for use must pass a pre-use inspection performed by a Karnal Bunt Program inspector. Cars can be used only if he/she determines that the car is leak-proof and is enclosed or adequately covered. Cars having passed the initial inspection need not be reinspected unless the car is damaged in some way which would require an additional inspection.
- To transport regulated articles only when authorized to move under Limited Permit (PPQ Form 530).
- To present the PPQ Form 530 to the appropriate consignee representative at destination.
- To ensure that rail cars carrying regulated articles move to their approved destination by the most direct route prior to the void date on the PPQ Form 530.
- To notify the Karnal Bunt Office 24 hours in advance of any changes in movement as described in the PPQ Form 530. Approval must be obtained prior to any change movement of regulated articles.
- To immediately contact the Karnal Bunt Office in the event of a spillage or accident.
- To obtain approval in advance from the Karnal Bunt Office, if transferring of regulated grain from one rail car to another becomes necessary. To ensure rail cars removed from service on this project are properly cleaned in accordance with USDA protocols before being placed in service for other purposes.
- To perform treatments in accordance with the Karnal Bunt treatment protocols.
