

## **Acknowledgments for the Foreign Animal Disease Awareness Course for USDA APHIS VSCP Employees**

Portions of this information contained in this course were based upon work originally supported by the Cooperative State Research, Education, and Extension Service, U.S. Department of Agriculture, under Agreement No. 00384119278. In August 2003, the USDA APHIS contracted with the Institute for International Cooperation in Animal Biologics at the Iowa State University College of Veterinary Medicine to develop this course (03-9208-0096-CA (35293-91096). Dr. James A. Roth is the project director. Dr. Danelle Bickett-Weddle managed the project.

### **Consequences of Introducing a Foreign Animal Disease**

### **The Office International des Epizooties (OIE) and Its Role**

### **Emerging Infectious Diseases**

### **Bioterrorism**

### **Routes of Transmission & Introduction of FADs**

### **Role of Government Agencies in Controlling FADs**

### **U.S. System for Protecting Against FADs**

### **Response to Suspected Foreign Animal Disease Situation**

### **Coordinated Emergency Response to a FAD**

### **Disease Eradication Following a FAD Outbreak**

### **Summary of Responsibilities Related to FADs**

These sections were originally developed for a USDA CSREES funded Emerging and Exotic Diseases of Animals web based course by:

- Sharon D. Nath, DVM
  - Corrie Brown, DVM, PhD
  - Katie M. Kurkjian, DVM
  - Susan E. Little, DVM, PhD
- The University of Georgia, College of Veterinary Medicine

Modified by:

- Anna Rovid Spickler, DVM, PhD
  - Danelle Bickett-Weddle, DVM, MPH
  - Stacy Holzbauer, DVM
  - Dipa Brahmhatt, VMD
- Iowa State University, College of Veterinary Medicine

Illustrations and interactive animations designed by:

- Travis Engelhaupt
  - Clint May
- Iowa State University, College of Veterinary Medicine

Narration by:

- Ryan Cook  
Iowa State University, College of Veterinary Medicine

- Iowa State University, College of Veterinary Medicine

Narration by:

- Ryan Cook
- Iowa State University, College of Veterinary Medicine

## **Multiple Ruminant Disease Scenarios**

This section was originally developed for a USDA CSREES funded Emerging and Exotic Diseases of Animals web based course by:

- Geoff Fosgate, DVM PhD
- The University of California, Davis, School of Veterinary Medicine

Modified by:

- Stacy Holzbauer, DVM
  - Danelle Bickett-Weddle, DVM, MPH
  - Jared Taylor, DVM
- Iowa State University, College of Veterinary Medicine

Illustrations and interactive animations designed by:

- Travis Engelhaupt
  - Clint May
- Iowa State University, College of Veterinary Medicine

Narration throughout the section provided by:

- Ryan Cook
- Iowa State University, College of Veterinary Medicine

## **Swine Disease Scenario**

This section was originally developed for a USDA CSREES funded Emerging and Exotic Diseases of Animals web based course by:

- Joan Gariboldi
  - Corrie Brown, DVM, PhD
- University of Georgia, College of Veterinary Medicine

Modified by:

- Stacy Holzbauer, DVM
  - Danelle Bickett-Weddle, DVM, MPH
  - Alex Ramirez, DVM
- Iowa State University, College of Veterinary Medicine

Illustrations and interactive animations designed by:

- Travis Engelhaupt
- Clint May  
Iowa State University, College of Veterinary Medicine

Narration by:

- Ryan Cook  
Iowa State University, College of Veterinary Medicine

## **Disease Down Under Scenario**

The video for this scenario was originally developed by:

- Australian Animal Health Laboratory
- CSIRO Division of Animal Health for EXANDIS (Exotic Animal Disease Preparedness Consultative Counsel), and
- CSIRO Livestock Industries Division
- Used with permission

Modified by:

- Danelle Bickett- Weddle, DVM, MPH
- Dipa Brahmhatt, VMD  
Iowa State University, College of Veterinary Medicine

Illustrations and interactive animations designed by:

- Travis Engelhaupt
- Clint May  
Iowa State University, College of Veterinary Medicine

## **Equine Disease Scenario**

This section was originally developed for a USDA CSREES funded Emerging and Exotic Diseases of Animals web based course by:

- Corrie Brown, DVM, PhD
- Carrie McColgan  
The University of Georgia, College of Veterinary Medicine

Modified by:

- Stacy Holzbauer, DVM
- Danelle Bickett-Weddle, DVM, MPH
