

Thank you for volunteering to complete the AgLearn communications survey. Team AgLearn takes seriously the responsibility of keeping all USDA employees informed about what is available through AgLearn without consuming too much of your time. The feedback we receive from this survey will be invaluable for us in developing our communications plans for the future.

To complete the survey, close this browser window and return to your AgLearn Home Page. The survey will appear on your To-Do List. Launch it just as you would any other online content and answer the questions honestly and to the best of your ability; it will only take a few minutes.

When you are finished, click Submit to return to your Home Page. This survey will be added to your Completed Work in AgLearn, although your responses will remain anonymous.
