

## Turning On Accessibility Mode in AgLearn+

Accessibility Mode is sometimes required for certain functions when viewing AgLearn on screen readers. These instructions will show you how to turn it on and off.

**Note: Users will not be able to print certificates of completion, nor assign star ratings from their Completed Work, when in Accessibility Mode.**

Step	Activity	View
1.	As soon as the AgLearn Home Page appears, press the Tab key two times. This will reveal the <b>Turn Accessibility On</b> link.	
2.	Select the <b>Turn Accessibility On</b> link.	
3.	The Accessibility Mode icon will appear near the top of the screen. This indicates accessibility mode has been turned on.	
4.	Select the Accessibility Mode icon again to turn off accessibility mode.
