

Now Available: USDA Whistleblower Familiarization

An Interesting Snapshot into the World of Whistleblower Protection

This module explains Whistleblower Rights and Protections which were modified with the passage of the Whistleblower Protection Enhancement Act of 2012. Whether you are an employee or a supervisor, you can get many useful links to great informational resources. The training concludes with the presentation of four case scenarios designed to allow the reader to recognize “real life” whistleblower reprisal.

Although not mandatory, this training is highly recommended for all USDA employees.
