

## Green Purchasing Knowledge Self Check

Note that the completion of the course is not based on achieving a certain score, only that you have taken the opportunity to see and reinforce what you have learned.

Complete the sentences by choosing the best answers from the choices below the questions. After selecting your answers, match them with the answers below to see if you are correct.

	Questions
<b>1</b>	<p>Green Purchasing is defined as:</p> <ul style="list-style-type: none"><li><input type="checkbox"/> (a) Buying products that claim to be environmentally friendly</li><li><input type="checkbox"/> (b) The activity of being good stewards of the environment</li><li><input type="checkbox"/> (c) The Federal government's requirements to purchase products with environmental and energy saving attributes</li><li><input type="checkbox"/> (d) Any purchasing strategy that saves energy</li></ul>
<b>2</b>	<p>By using your purchase card to buy "green" products, you are helping to:</p> <ul style="list-style-type: none"><li><input type="checkbox"/> (a) enhance energy security</li><li><input type="checkbox"/> (b) create new markets</li><li><input type="checkbox"/> (c) increase worker safety</li><li><input type="checkbox"/> (d) all of the above</li></ul>
<b>3</b>	<p>The Food, Conservation and Energy Act of 2008 is referred to as:</p> <ul style="list-style-type: none"><li><input type="checkbox"/> a) The Farmers Trust Bill</li><li><input type="checkbox"/> b) The 2008 BioPreferred Bill</li><li><input type="checkbox"/> c) The 2008 Farm Bill</li><li><input type="checkbox"/> d) The 2008 Green Purchasing Bill</li></ul>

<b>4</b>	<p>The Food, Conservation and Energy Act of 2008 amends Section 9002 Biobased Provisions to:</p> <ul style="list-style-type: none"><li>( ) a) Update the "biobased product" definition</li><li>( ) b) Permit the designation of intermediate feedstocks and finished products</li><li>( ) c) a &amp; b above</li><li>( ) d) None of the above</li></ul>
<b>5</b>	<p>Additional information on Green Purchasing requirements can be found online at:</p> <ul style="list-style-type: none"><li>( ) a) <a href="http://www.biopreferred.gov">www.biopreferred.gov</a></li><li>( ) b) <a href="http://www.arnet.gov/far/index.html">www.arnet.gov/far/index.html</a></li><li>( ) c) <a href="http://ofee.gov/gp/gp.asp">http://ofee.gov/gp/gp.asp</a></li><li>( ) d) All of the above</li></ul>
<b>6</b>	<p>The benefits of environmental stewardship are that it creates markets for recycled materials and agricultural products, conserves resources and reduces pollution, and saves energy and landfill space.</p> <ul style="list-style-type: none"><li>( ) a) True</li><li>( ) b) False</li></ul>
<b>7</b>	<p>Office of Management and Budget (OMB) uses the Environmental Stewardship Scorecard to</p> <ul style="list-style-type: none"><li>( ) a) Track Federal agencies' performance in using purchase cards to buy green</li><li>( ) b) Track Federal agencies' level of responsibility in implementing sustainable practices</li><li>( ) c) Track Federal agencies' performance in implementing green purchasing</li><li>( ) d) Track Federal agencies' ethics in how the purchase cards are used</li></ul>

<b>8</b>	<p>Which of the following is NOT one of the eight green product categories?</p> <ul style="list-style-type: none"><li>( ) a) Biobased Products</li><li>( ) b) Trendy Semi-Conservative Products</li><li>( ) c) Electronic Products Environmental Assessment Tool (EPEAT) - Designated Products (computers and monitors)</li><li>( ) d) Non-ozone Depleting Substances</li></ul>
<b>9</b>	<p>Recycled content products are products that are made from or contain recovered materials which:</p> <ul style="list-style-type: none"><li>( ) a) means replacing virgin materials with recycled materials, including post-consumer materials</li><li>( ) b) means that the materials collected in recycling programs will not be used again in the manufacture of new products</li><li>( ) c) means that the materials collected in recycling programs will not be used again in the manufacture of any office products</li><li>( ) d) means that the materials collected in recycling programs will be used again in the refurbishing of old houses</li></ul>
<b>10</b>	<p>Through the Comprehensive Procurement Guidelines (CPG), the Environmental Protection Agency (EPA) manages the program for Recycled Content products. These products are also known as</p> <ul style="list-style-type: none"><li>( ) a) RCP Items</li><li>( ) b) EPA RCIs</li><li>( ) c) CPG Items</li><li>( ) d) There is no other name</li></ul>

<b>11</b>	<p>The Environmental Protection Agency (EPA) has more than 60 designated recycled content products in how many different categories?</p> <ul style="list-style-type: none"><li>( ) a) 2</li><li>( ) b) 12</li><li>( ) c) 5</li><li>( ) d) 8</li></ul>
<b>12</b>	<p>Examples of designated recycled products include:</p> <ul style="list-style-type: none"><li>( ) a) structural fiberboard, plastic lumber landscaping timbers and post</li><li>( ) b) printing and writing papers,</li><li>( ) c) playground equipment, retread tires, and sorbents</li><li>( ) d) all of the above</li></ul>
<b>13</b>	<p>The Green Product Category known as Energy Efficient Products includes which three product areas?</p> <ul style="list-style-type: none"><li>( ) a) ENERGY STAR, FEMP Designated, and Low Standby Power</li><li>( ) b) ENERGY STAR, EPA RCIs, and WATTS</li><li>( ) c) FEMP Designated, RCP Items, and SNAPs</li><li>( ) d) Low Standby Power devices, WaterSense, and Compost Items</li></ul>
<b>14</b>	<p>The Farm Security and Rural Investment Act of 2002 and the 2008 Farm Bill define ' biobased product' as a product determined by the Secretary to be a commercial or industrial product that is composed in whole, or in significant part, of biological products, including renewable domestic agricultural materials and forestry materials; or an intermediate ingredient or feedstock.</p> <ul style="list-style-type: none"><li>( ) a) True</li><li>( ) b) False</li></ul>

<b>15</b>	<p>Under the Farm Security and Rural Investment Act of 2002 (FSRIA) and the Food, Conservation and Energy Act of 2008 (2008 Farm Bill), USDA is responsible for:</p> <ul style="list-style-type: none"><li>( ) a) Developing and implementing a comprehensive program for designating biobased products</li><li>( ) b) Implementing the BioPreferred<sup>SM</sup> Procurement Preference Program across the Federal government</li><li>( ) c) Encouraging Federal agencies to establish incentive programs to recognize Federal employees or contractors that make exceptional contributions to the expanded use of biobased products</li><li>( ) d) All of the above</li></ul>
<b>16</b>	<p>Once designated, all 'qualifying' products within a designated item are eligible for</p> <ul style="list-style-type: none"><li>( ) a) government discount pricing</li><li>( ) b) preferred procurement</li><li>( ) c) a 30 day trial period</li><li>( ) d) a one year warranty</li></ul>
<b>17</b>	<p>For each designated item USDA provides information to Federal agencies about</p> <ul style="list-style-type: none"><li>( ) a) relative price and performance</li><li>( ) b) environmental and health benefits</li><li>( ) c) minimum biobased content</li><li>( ) d) all of the above</li></ul>

<b>18</b>	<p>What are "environmentally preferable products (EPP)?"</p> <ul style="list-style-type: none"><li>( ) a) Products or services that have a negative effect on human health and the environment.</li><li>( ) b) Products or services that are within a price range that the surrounding environment can easily afford the products.</li><li>( ) c) Products or services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose.</li><li>( ) d) Products that are in line with the environment and complement visual features.</li></ul>
<b>19</b>	<p>Products in the EPP category can be viable alternatives to products that contain hazardous materials or toxic chemicals. Alternatives being things such as</p> <ul style="list-style-type: none"><li>( ) a) green cleaning products</li><li>( ) b) mercury free thermometers</li><li>( ) c) refurbished furniture</li><li>( ) d) all of the above</li></ul>
<b>20</b>	<p>What does EPEAT stand for?</p> <ul style="list-style-type: none"><li>( ) a) Environment Policy Evaluates All Tiers</li><li>( ) b) Evaluate, Protect, Execute All Tiers</li><li>( ) c) Electronic Products Environmental Assessment Tool</li><li>( ) d) None of the Above</li></ul>
<b>21</b>	<p>Which electronic products are covered in EPEAT?</p> <ul style="list-style-type: none"><li>( ) a) Laptops</li><li>( ) b) Computer Desktops</li><li>( ) c) Computer Monitors</li><li>( ) d) All the Above</li></ul>

<b>22</b>	Federal agencies must purchase water efficient products.  <input type="checkbox"/> a) True  <input type="checkbox"/> b) False
<b>23</b>	WaterSense is a program managed by EPA which identifies and promotes water efficient products that meet criteria for  <input type="checkbox"/> a) reducing water heating  <input type="checkbox"/> b) eliminating water pumping  <input type="checkbox"/> c) water efficiency and performance  <input type="checkbox"/> d) none of the above
<b>24</b>	Examples of products that have met the criteria and have an EPA WaterSense label include:  <input type="checkbox"/> a) high efficiency toilets and urinals  <input type="checkbox"/> b) sink faucets and showerheads  <input type="checkbox"/> c) landscape irrigation systems  <input type="checkbox"/> d) all of the above
<b>25</b>	SNAP is  <input type="checkbox"/> a) the Significant New Alternative Policy program  <input type="checkbox"/> b) EPA developed  <input type="checkbox"/> c) a program for evaluating alternatives to ozone depleting substances (ODS)  <input type="checkbox"/> d) a, b & c above

<b>26</b>	Wide-spread use of alternative fuels is critical to  <input type="checkbox"/> a) reducing dependence on foreign oil and improving air quality  <input type="checkbox"/> b) reducing the cost of petroleum  <input type="checkbox"/> c) identifying new uses for biodiesel  <input type="checkbox"/> d) none of the above
<b>27</b>	Which of the following is an example of an alternative fuel made from American resources including virgin vegetable oils (primarily soybeans) or recycled sources (used cooking oil)?  <input type="checkbox"/> a) Ethanol (E85)  <input type="checkbox"/> b) Methanol  <input type="checkbox"/> c) Biodiesel  <input type="checkbox"/> d) Compressed Natural Gas (CNG)
<b>28</b>	Purchase card holders and fleet managers can implement green purchasing by thinking "green" at the start of the acquisition process.  <input type="checkbox"/> a) True  <input type="checkbox"/> b) False
<b>29</b>	Implementing green purchasing and ensuring compliance includes the following:  <input type="checkbox"/> a) Substituting "green" products only where prices are the same  <input type="checkbox"/> b) Asking for "green" products and including "green" products in all contract solicitations  <input type="checkbox"/> c) Finding alternatives for products with excessive packaging and those with toxic chemicals  <input type="checkbox"/> d) B & C above

<b>30</b>	<p>Purchase card buyers must follow the intent of the GPAPP requirements as long as the products are</p> <ul style="list-style-type: none"><li><input type="checkbox"/> a) reasonably available</li><li><input type="checkbox"/> b) reasonable priced</li><li><input type="checkbox"/> c) comparable in performance</li><li><input type="checkbox"/> d) all of the above</li></ul>
<b>31</b>	<p>USDA Advantage! is part of USDA's Integrated Acquisition System (IAS) "e-Alliance" Initiative, an effort to better leverage USDA spending power for commonly acquired items and services in:</p> <ul style="list-style-type: none"><li><input type="checkbox"/> a) Pricing</li><li><input type="checkbox"/> b) Ordering methods</li><li><input type="checkbox"/> c) Delivery terms</li><li><input type="checkbox"/> d) All of the above</li></ul>
<b>32</b>	<p>There are many procurement resources available online where green products may be purchased. One of the mandatory purchasing programs is:</p> <ul style="list-style-type: none"><li><input type="checkbox"/> a) GSAA Advantage!</li><li><input type="checkbox"/> b) DOD EMALL</li><li><input type="checkbox"/> c) AbilityOne</li><li><input type="checkbox"/> d) USDA's BioPreferred<sup>SM</sup> Biobased Products Catalog</li></ul>
<b>33</b>	<p>The Federal Prison Industries (UNICOR) offers recycled content, biobased, and environmentally preferable products or services.</p> <ul style="list-style-type: none"><li><input type="checkbox"/> a) True</li><li><input type="checkbox"/> b) False</li></ul>

34	<p>The USDA Fiscal Year 2008 Procurement Forecast has a product description that includes</p> <ul style="list-style-type: none"> <li>( ) a) biobased products and whether or not they are included in contracts</li> <li>( ) b) energy efficient products and whether or not they are included in contracts</li> <li>( ) c) green products and whether or not they are included in contracts</li> <li>( ) d) ENERGY STAR products and whether or not they are included in contracts</li> </ul>
35	<p>The Small Business Administration's electronic directory, PRO-Net consists of more than 2,000 small businesses offering:</p> <ul style="list-style-type: none"> <li>( ) a) SNAP products</li> <li>( ) b) WaterSense products</li> <li>( ) c) FEMP Designated products</li> <li>( ) d) EPA-designated recycled content products</li> </ul>

**Answers in Red and Bold**

	Questions
1	<p>Green Purchasing is defined as:</p> <ul style="list-style-type: none"> <li>( ) (a) Buying products that claim to be environmentally friendly</li> <li>( ) (b) The activity of being good stewards of the environment</li> <li>( ) <b>(c) The Federal government's requirements to purchase products with environmental and energy saving attributes</b></li> <li>( ) (d) Any purchasing strategy that saves energy</li> </ul>

<b>2</b>	By using your purchase card to buy "green" products, you are helping to:  <input type="checkbox"/> (a) enhance energy security  <input type="checkbox"/> (b) create new markets  <input type="checkbox"/> (c) increase worker safety  <input type="checkbox"/> <b>(d) all of the above</b>
<b>3</b>	The Food, Conservation and Energy Act of 2008 is referred to as:  <input type="checkbox"/> a) The Farmers Trust Bill  <input type="checkbox"/> b) The 2008 BioPreferred Bill  <input type="checkbox"/> <b>c) The 2008 Farm Bill</b>  <input type="checkbox"/> d) The 2008 Green Purchasing Bill
<b>4</b>	The Food, Conservation and Energy Act of 2008 amends Section 9002 Biobased Provisions to:  <input type="checkbox"/> a) Update the "biobased product" definition  <input type="checkbox"/> b) Permit the designation of intermediate feedstocks and finished products  <input type="checkbox"/> <b>c) a &amp; b above</b>  <input type="checkbox"/> d) None of the above
<b>5</b>	Additional information on Green Purchasing requirements can be found online at:  <input type="checkbox"/> a) <a href="http://www.biopreferred.gov">www.biopreferred.gov</a>  <input type="checkbox"/> b) <a href="http://www.arnet.gov/far/index.html">www.arnet.gov/far/index.html</a>  <input type="checkbox"/> c) <a href="http://ofee.gov/gp/gp.asp">http://ofee.gov/gp/gp.asp</a>  <input type="checkbox"/> <b>d) All of the above</b>

<b>6</b>	<p>The benefits of environmental stewardship are that it creates markets for recycled materials and agricultural products, conserves resources and reduces pollution, and saves energy and landfill space.</p> <p><input type="checkbox"/> <b>a) True</b></p> <p><input type="checkbox"/> b) False</p>
<b>7</b>	<p>Office of Management and Budget (OMB) uses the Environmental Stewardship Scorecard to</p> <p><input type="checkbox"/> a)Track Federal agencies' performance in using purchase cards to buy green</p> <p><input type="checkbox"/> b)Track Federal agencies' level of responsibility in implementing sustainable practices</p> <p><input type="checkbox"/> <b>c)Track Federal agencies' performance in implementing green purchasing</b></p> <p><input type="checkbox"/> d) Track Federal agencies' ethics in how the purchase cards are used</p>
<b>8</b>	<p>Which of the following is NOT one of the eight green product categories?</p> <p><input type="checkbox"/> a) Biobased Products</p> <p><input type="checkbox"/> <b>b) Trendy Semi-Conservative Products</b></p> <p><input type="checkbox"/> c) Electronic Products Environmental Assessment Tool (EPEAT) - Designated Products (computers and monitors)</p> <p><input type="checkbox"/> d) Non-ozone Depleting Substances</p>

<b>9</b>	<p>Recycled content products are products that are made from or contain recovered materials which:</p> <ul style="list-style-type: none"><li><input type="checkbox"/> a) means replacing virgin materials with recycled materials, including post-consumer materials</li><li><input type="checkbox"/> b) means that the materials collected in recycling programs will not be used again in the manufacture of new products</li><li><input type="checkbox"/> c) means that the materials collected in recycling programs will not be used again in the manufacture of any office products</li><li><input type="checkbox"/> d) means that the materials collected in recycling programs will be used again in the refurbishing of old houses</li></ul>
<b>10</b>	<p>Through the Comprehensive Procurement Guidelines (CPG), the Environmental Protection Agency (EPA) manages the program for Recycled Content products. These products are also known as</p> <ul style="list-style-type: none"><li><input type="checkbox"/> a) RCP Items</li><li><input type="checkbox"/> b) EPA RCIs</li><li><input type="checkbox"/> c) CPG Items</li><li><input type="checkbox"/> d) There is no other name</li></ul>
<b>11</b>	<p>The Environmental Protection Agency (EPA) has more than 60 designated recycled content products in how many different categories?</p> <ul style="list-style-type: none"><li><input type="checkbox"/> a) 2</li><li><input type="checkbox"/> b) 12</li><li><input type="checkbox"/> c) 5</li><li><input type="checkbox"/> d) 8</li></ul>

<b>12</b>	<p>Examples of designated recycled products include:</p> <ul style="list-style-type: none"><li>( ) a) structural fiberboard, plastic lumber landscaping timbers and post</li><li>( ) b) printing and writing papers,</li><li>( ) c) playground equipment, retread tires, and sorbents</li><li>( ) <b>d) all of the above</b></li></ul>
<b>13</b>	<p>The Green Product Category known as Energy Efficient Products includes which three product areas?</p> <ul style="list-style-type: none"><li>( ) <b>a) ENERGY STAR, FEMP Designated, and Low Standby Power</b></li><li>( ) b) ENERGY STAR, EPA RCIs, and WATTS</li><li>( ) c) FEMP Designated, RCP Items, and SNAPs</li><li>( ) d) Low Standby Power devices, WaterSense, and Compost Items</li></ul>
<b>14</b>	<p>The Farm Security and Rural Investment Act of 2002 and the 2008 Farm Bill define ' biobased product' as a product determined by the Secretary to be a commercial or industrial product that is composed in whole, or in significant part, of biological products, including renewable domestic agricultural materials and forestry materials; or an intermediate ingredient or feedstock.</p> <ul style="list-style-type: none"><li>( ) <b>a) True</b></li><li>( ) b) False</li></ul>

15	<p>Under the Farm Security and Rural Investment Act of 2002 (FSRIA) and the Food, Conservation and Energy Act of 2008 (2008 Farm Bill), USDA is responsible for:</p> <ul style="list-style-type: none"><li>( ) a) Developing and implementing a comprehensive program for designating biobased products</li><li>( ) b) Implementing the BioPreferred<sup>SM</sup> Procurement Preference Program across the Federal government</li><li>( ) c) Encouraging Federal agencies to establish incentive programs to recognize Federal employees or contractors that make exceptional contributions to the expanded use of biobased products</li><li>( ) <b>d) All of the above</b></li></ul>
16	<p>Once designated, all 'qualifying' products within a designated item are eligible for</p> <ul style="list-style-type: none"><li>( ) a) government discount pricing</li><li>( ) <b>b) preferred procurement</b></li><li>( ) c) a 30 day trial period</li><li>( ) d) a one year warranty</li></ul>
17	<p>For each designated item USDA provides information to Federal agencies about</p> <ul style="list-style-type: none"><li>( ) a) relative price and performance</li><li>( ) b) environmental and health benefits</li><li>( ) c) minimum biobased content</li><li>( ) <b>d) all of the above</b></li></ul>

<b>18</b>	<p>What are "environmentally preferable products (EPP)?"</p> <ul style="list-style-type: none"><li>( ) a) Products or services that have a negative effect on human health and the environment.</li><li>( ) b) Products or services that are within a price range that the surrounding environment can easily afford the products.</li><li>( ) <b>c) Products or services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose.</b></li><li>( ) d) Products that are in line with the environment and complement visual features.</li></ul>
<b>19</b>	<p>Products in the EPP category can be viable alternatives to products that contain hazardous materials or toxic chemicals. Alternatives being things such as</p> <ul style="list-style-type: none"><li>( ) a) green cleaning products</li><li>( ) b) mercury free thermometers</li><li>( ) c) refurbished furniture</li><li>( ) <b>d) all of the above</b></li></ul>
<b>20</b>	<p>What does EPEAT stand for?</p> <ul style="list-style-type: none"><li>( ) a) Environment Policy Evaluates All Tiers</li><li>( ) b) Evaluate, Protect, Execute All Tiers</li><li>( ) <b>c) Electronic Products Environmental Assessment Tool</b></li><li>( ) d) None of the Above</li></ul>
<b>21</b>	<p>Which electronic products are covered in EPEAT?</p> <ul style="list-style-type: none"><li>( ) a) Laptops</li><li>( ) b) Computer Desktops</li><li>( ) c) Computer Monitors</li><li>( ) <b>d) All the Above</b></li></ul>

<b>22</b>	Federal agencies must purchase water efficient products.  <input type="radio"/> <b>a) True</b>  <input type="radio"/> b) False
<b>23</b>	WaterSense is a program managed by EPA which identifies and promotes water efficient products that meet criteria for  <input type="radio"/> a) reducing water heating  <input type="radio"/> b) eliminating water pumping  <input type="radio"/> <b>c) water efficiency and performance</b>  <input type="radio"/> d) none of the above
<b>24</b>	Examples of products that have met the criteria and have an EPA WaterSense label include:  <input type="radio"/> a) high efficiency toilets and urinals  <input type="radio"/> b) sink faucets and showerheads  <input type="radio"/> c) landscape irrigation systems  <input type="radio"/> <b>d) all of the above</b>
<b>25</b>	SNAP is  <input type="radio"/> a) the Significant New Alternative Policy program  <input type="radio"/> b) EPA developed  <input type="radio"/> c) a program for evaluating alternatives to ozone depleting substances (ODS)  <input type="radio"/> <b>d) a, b &amp; c above</b>

26	<p>Wide-spread use of alternative fuels is critical to</p> <ul style="list-style-type: none"><li><input type="checkbox"/> a) <b>reducing dependence on foreign oil and improving air quality</b></li><li><input type="checkbox"/> b) reducing the cost of petroleum</li><li><input type="checkbox"/> c) identifying new uses for biodiesel</li><li><input type="checkbox"/> d) none of the above</li></ul>
