

## **Export Certification.**

Here is a printable version of the summary of Lesson 5, The Export Library, in PDF format.

Click the printer icon to print the summary for your future reference.

### **Lesson 5 presented these points about the Export Library:**

1. Requirements change! Consult the Export Library every time you process a 9060-6.
2. Each participating country has an export information web page in the Export Library, listing its export requirements for eligible U.S. facilities and products.
3. Country-specific requirements can include special labeling, test results, PHV signatures, and other documentation.

To locate the Export Library online, go to [www.fsis.usda.gov](http://www.fsis.usda.gov)  
Click *Programs & Services > Export Products > Export Library - Requirements by Country*
