

1. Begin entering your search criteria by selecting a State.

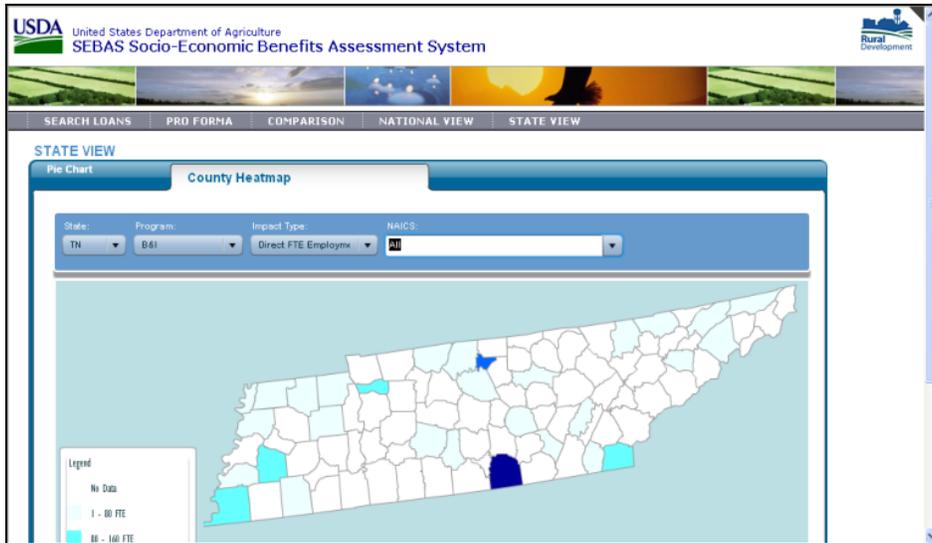

Select a **Program** by clicking on the drop down menu.

2. Select an **Impact Type**
Impact Types are a performance measures that can be used to show the effect the loan has had on a defined area. Direct FTE Employment

The **NAICS Code** is the last search criteria to be entered. **SEBAS** will then find the loan in the State that matches the NAICS Code.

A **Heat Map** is then generated displaying the level of impact recorded for each County in the State. A legend is provided to identify **Impact Type** ranges. The search criteria can be altered at any time.

Each time the criteria is changed, the **Heat Map** updates to show the selected data.

Changing the **Impact Type** changes the data presented by County.
