LEARNING PATH  
**HUMAN-CENTERED DESIGN**

**DURATION: 15.5 HOURS**

Looking to learn about Human-Centered Design (HCD)? Are you a HCD professional looking to enhance your skills? Then check out the courses available through this learning path.

COURSE  
**MAKING USER EXPERIENCE HAPPEN AS A TEAM**

**DURATION: 1 HOUR**

In this practical course, look at what it takes to integrate with UX with development teams, communicate the value of UX to business-oriented team members, and cultivate executive champions.

COURSE  
**DESIGN THINKING: UNDERSTANDING THE PROCESS**

**DURATION: 1 HOUR**

Chris Nodder explains where design thinking fits into product development and what it can help you achieve. He describes each step in the process, from identifying the problem you want to solve and brainstorming solutions, to prototyping, development, and release.

COURSE  
**LEARNING DESIGN THINKING: LEAD CHANGE IN YOUR ORGANIZATION MANAGER**

**DURATION: 2.5 HOURS**

Design thinking is a user-centered way of solving problems. It involves extensive collaboration, using strategies such as mapping customer journeys, concept creation, and prototyping. This course teaches leaders how to help their teams adopt a design thinking mindset.

LEARNING PATH  
**BECOME A USER EXPERIENCE DESIGNER**

**DURATION: 8.5 HOURS**

A modern user experience designer understands modern design concepts. They also have the research and analysis skills to design effective, compelling digital experiences
