2023 Theme: DigitALL

INNOVATION & TECHNOLOGY FOR GENDER EQUALITY

A gender-responsive approach to innovation, technology and digital education can increase the awareness of women regarding their potential for advancement in the federal workplace. Advancements in digital technology offer immense opportunities to address professional development of federally employed women at USDA.

Join us!

WHEN: AUGUST 16 - 18, 2023

TIME: 8:00am PST - 1:00pm PST

11:00am EST - 4:00pm EST

TECHNOLOGY TODAY

Day 1 of the conference brings forth a broad overview of tools for the workplace to make you more productive and skilled in the digital and tech space.

FLASH MENTORING & MORE

Day 2 will offer a partnership event to bring you a phenomenal Flash Mentoring experience & more tech and digital training content. **The Flash Mentoring experience is now full due to limited capacity. Join us for other tech and digital skills content!**

LEADERSHIP/DEIA & TECH

Day 3 is all about advancing your career with a Diversity, Equity, Inclusion, and Accessibility mindset. What technical skills and adaptive leadership skills do you need to advance in your USDA career today?

If you require Reasonable Accommodations, please email Tessie.A.Williams@usda.gov by August 4, 2023
